## Curriculum Vitae

Wim Terryn, MD, PhD.

Regionaal Hospital Jan Yperman, Ypres, Belgium, department of nephrology, general internal medicine and infectiology, +3257/ 357181 (phone) +3257468338 (fax)

[wim.terryn@iCloud.com](mailto:wim.terryn@iCloud.com)

Education	1973-1985	Latin-Sciences, Klein Seminarie, Roeselare, Belgium.
	1985-1990	Master in Psychological Sciences, Ghent University, Belgium. Great distinction.
	1990-1997	Medical Doctor, Ghent University, Belgium. Great distinction.
	1999	Certificate for Acute Medicine.
	2002	Board certificate of Internal Medicine
	2003	Board certificate of Nephrology
	2003-2004	department of Nephrology, Ghent University Hospital, Belgium (Adjunct-Kliniekhoofd)
	2011	NIH Clinical Research Training course, GCP exam.
	2013	PhD promotion: "Screening for Fabry disease: indications, methods and implications."

### Current activities

2004-present - *Regional Hospital Ypres, Ieper, Belgium* :

head of the department of Internal Medicine

president of the Antibiotic Committee

director of the Travel Clinic (WHO certificate for Yellow Fever Vaccination)

- *Ghent University Hospital*

consultant at the department of Sonography

expert for Rare Diseases

### Projects

#### Interventional clinical study

Individually Adapted Immunosuppression in de Novo Renal Transplantation Based on Immune Function Monitoring: a Prospective Randomized Study (CD4-01) NCT00895206. Department of Internal Medicine, division of Nephrology (Prof. dr. Raymond Vanholder)

#### Clinical research projects

"Study to verify the frequency of Fabry disease in pacemaker patients, a new and unique population." (multicentric screening study), Ghent University Hospital

"Screening for NLPR3 mutations in patients with AA amyloidosis." (multicentric screening study), Ghent University Hospital

**Affiliations** Member of BTS (Belgian Transplantation Society)

Member of ESOT (European Society of Organ Transplantation)

Laute M, Vanholder R, Voet D, Peeters P, Cokelaere K, Deloosse S, Terryn W. Safety and sample adequacy of renal transplant surveillance biopsies. *Acta Clinica Belgica* (accepted)

## Presentations at international conferences

- 19/11/2004: 2nd Benelux symposium on lysosomal storage diseases, Waalwijk, Nederland.  
Session; "Improving early diagnosis of LSD patients", Chairman: Dr. B.J.H.M. Poorthuis, LUMC Leiden.  
*Presentation;* "Screening of clinical groups." dr. W. Terryn
- 11/5/2012: Faby Masterclass IV: "Fabry disease: past, present and future", Berlin, Germany.  
*Presentation;* "Renal Outcomes", dr. W. Terryn

## Courses

- |             |  |
|-------------|--|
| 1998        | Dialysis Academy (prof Ritz, prof Drüeke, prof Lameire) , <i>Ghent, Belgium</i>  |
| 2000        | Dialysis Academy, <i>Heidelberg, Germany</i>   |
| 2002        | PD (Peritoneal Dialysis) Academy (prof. dr. Krediet), <i>Amsterdam, The Netherlands</i>  |
| 2002        | Hesperis-ESOT (European Society of Transplantation) course for transplantation, <i>Cambridge, England</i>  |
| 2003        | Hesperis-ESOT course for transplantation, <i>Paris, France.</i>  |
| 2008 - 2009 | Advanced nephrology course, part 1 + 2, the renal association, <i>London, UK.</i>  |
| 2009 - 2010 | Instituut voor permanente vorming in de Wetenschappen IPVW: cursus statistiek "Basics of Statistical Inference" en "Analysis of Variance", <i>Ghent University, Belgium.</i> |
